### "A Plum"

Visit "[A Plum](#)" on MotoLyrics.com

On a solitary stage, she is wrapped around a pole  
Leg's are lovely fashion long, image pinned against  
the wall

She has lovers in the hall, climbing thousand cracks to  
ball  
Waiting for her to call  
Little red rides in her hood, wanting only to feel good  
The wolf is coming in for a ride

Look look what I have and you can't refuse  
There's a brown girl in the ring with you

Hey yeah, she looks like a sugar, and she's a plum  
Hey yeah, she looks like a sugar, with a gun, stun gun
