O' Lord I want to lie down - So that You'll pick me up
I've been defined by being found - By Your perfect love
And so I'll pick up my cross - And follow hard after You
Your grace is more than enough - Please help me get
through

Teach me to die - That You might live and reign inside
This heart of mine - Is Yours to keep
And Yours to define - Yours to define

O' Lord I accept this gift of grace You offer me
Jesus I'll keep my eyes on You - Please lead me

I don't need signs only You - I don't need wonders only
You
I don't need miracles only You - I don't need anything
but You
