Remember repent and repeat  
Come fall at the Saviors feet  
Let us leave the dry land  
And rest in God's plan  
Where all who are thirsty can drink  
We are the ones who believed  
In Jesus our Savior and King  
We are held in His hand  
And rest in His plan  
Where all who are thirsty can drink

We're down on our knees  
We're closing our eyes  
We're hiding Your word deep inside  
And Lord You know that we will always serve You  
We're down on our knees  
We're closing our eyes  
We're hiding Your word deep inside  
And Lord You know that we will always love You
