"Cheese" baby, smile for the news, maybe get to use
something they can abuse.
Please take a picture of me, put me up on the screen.
Make me famous in Queens.
So... did they get you to talk? Make you spill all you got?
Make the ratings go up?
No, get them out of my face, I've got nothing to say.
Didn't happen that way.

They say "Don't stop I want fluff... if I could only get
enough"

Wow! Did you see who that was? Joined the fug gorillaz.
They created a buzz.
Yea! Did you hear what they found? It was all over town.
Yea, it sure got around.
Yea! I saw it all, I made that call... the press had a ball.
Hey! Save the story for me, I want something to read
while I'm watching TV.

They say "Don't stop I want fluff... if I could only get
enough"

It's on tonight, I'm telling you... your face in the shot of
the Daily News
They say "Don't stop I want fluff... if I could only get
enough"
