I don't mind if you bury right now
But ask two more times
Cause I'm not sure of my answers the first time,
It reminds,
How it was ugly most of the time
Want to know why?
Grab a seat, a drink, this may take a while...

Trick of the mind
Jump off the planet and travel back through time,
It's a mine, and hidden bombs get stepped on
All the time,
It reminds,
How it was ugly most of the time
Want to know why?
Grab a seat, a drink, this may take a while...

Play, stop, rewind, a favorite to repeat all the time
Stinging rhyme,
I'm out of place, out of mind, out of time,
It reminds,
How it was ugly most of the time
Want to know why?
Grab a seat, a drink, this may take a while...
A while...
