Let's do da hoola!

What's the consequence,
To the sequence of events?
Sitting on a fence,
All my money spent on the rent,

Helpin' global debt,
Heaven-sent remedy escapes me,
So my mind gets ragey,

Incense burns in the tent slowly,/Incense burns and
intensifies slowly,
The woman with the gun in her hand looks holy,
Maybe I'll just follow the holy one?
Cause I believe,
That she believes,
That I ain't the only one./And I ain't the only one.

?????,
But yeah yeah I hit you with a left,
And a boogie from head to ???,
Mad fresh,
Just gets fresher,
???,
???,
From a bag of treasure,
Whatever.

These days animals be gettin' clever,
Musta been breeding,
All ???,
No ???,
Moneys on the monkeys,
When they start to rebel,
Soon they're be children of twelve,
More ice than Ray ???,

Let's do da hoola,
(What's your name?),
Let's do da hoola,

Let's do da hoola,
(What's your name?),
Let's do da hoola,
(I'm dancin'),

Steppin' out,
Twenty-Seven microdots,
For the cyclops,
I drop more storms,
Than an equanox,

Everyones gone tabloid crazy,
Hip-hop babies,
Ram raving arts fan.

Super boy's gonna be in an indie band,
"Look at me man, look at me..Man!"

We've been through with the drunks,
On the underground,
Trying not to look at the women,
With thier heads down.

Especially the stupid ones,
The ones that fall asleep,
In the institutions,

What did they they think,
That they were doin'?
Gettin' comfortable,
In a world full of humans,

What did they think,
That they were doin'?
Gettin' comfortable,
In a world full of humans

Let's do da hoola,
(What's your name?),
Let's do da hoola,
Let's do da hoola,
(What's your name?),
Let's do da hoola,
(I'm dancin'),

Let's do da hoola,
(What's your name?).

Let's,
(What's your name?).

Let's,
(What's your name?).

Let's,
(What's your name?).

Let's do da hoola,
(I'm dancin').
