And you don't know it  
What hides inside me  
If nothings so different  
Don't close the door  
I'm not asking for more

Oh god I'd give my life for you  
For just one second that was true  
Keep me feeling so brand new

You know why yesterday was a lie

And even when you're sad  
I walk away  
And even when you're happy  
I stay

Did I sale my soul for this feeling  
So long ago

Did I give my heart for that waste  
At the time

I'm not asking for much  
Don't hid me  
Then you wonder why my heart

Did I sell my soul for that feeling

You know why yesterday was a lie  
I can't keep thinkin' I was right

Don't go
