"B Sides"

Visit "[B Sides](#)" on MotoLyrics.com

Single records they are made
For the single woman
For the single man
Single women sing along
Single men are swinging on a single song

You can romance on it
Or you can dance on it
You can play the A Side
You can play the B Side

B Side is alright, but A Side is out of sight
Besides, DJs decide to play it day and night

New ones for each single taste
Old ones right, (?) collectors chase
There is no waste
Songs of love and anarchy
(???) or khaki, aren't you lucky?

You can make love on it
You can make war on it
You can play the A Side
You can play the B Side

B Side is alright, but A Side is out of sight
Besides, DJs decide to play it day and night
