Lady
In a night full of rain
Sailed the future
Out where no one ever came
No one knew her name
Was just a dream
SANTA MARIA
Sun and moon and sea
SANTA MARIA
She is calling me
Silver skies are shining where we'll dance and weep
Tearful eyes sing "vida es mia"
SANTA MARIA
Badlands
It's only in your hands
We will leave when

The sun comes behind the land
Candles in the sand
Burning bright
SANTA MARIA
Winds to sail the sea
SANTA MARIA
She is calling me
Silver skies are shining where we'll dance and weep
Tearful eyes sing "vida es mia"
SANTA MARIA
SANTA MARIA
