

## Temple Of Baal "Bleeding Thoughts"

Hours without sleep  
Staring at the snakes on the floor  
A glance into hell

Acid on my wounds  
Pain and pain again  
And the urge to vomit  
To bury my fucking self

Bleeding thoughts  
Slashed by the razor of my mind

I, I gave you my soul, my mud, my mind  
I, I left all in your hands  
You, you mixed it all with thorns and razors  
Left me as a pile of flesh and blood and pain  
On the stage

I turn, walk in circles in this mental cell  
What was the point after all  
Enslaved  
Worthless
