Seeing our beautiful, horrific blasphemies  
God has never been seen sending us a reward  
And Jesus so-called son of the feeble bastard  
Has never come again as told the prophecies

Yes Jesus we've won, disciples of Baal  
We are forever led by the hand of Belial  
Away from this poor life where you hoped we'd confine  
And into our glory forever we shall ride

In the times when you feel alone and abandoned  
When you think of the past when you had the power  
Don't you ever wish to send us a disaster  
Send us our final blow, give us Armageddon

Let Temptation lead you, be guided by Satan  
Come and join us in Hell, and let your father cry  
You were only a man, and as a man you died  
Come to us as a man, admitting your error

Obstinate messenger of a weak imbecile

I know that you'll never open your blinded eyes  
To you Jesus I send all my Hate and Contempt  
Dare to come back again, for in the Dark I wait

In the Dark... In the Dark I wait...

I want to use the sword and to die by the sword  
I want to commit sins, to Hell my life is sold  
I want to dive in Lust, enjoy the Flesh delights  
All of this you'll behold, impotent with fright

In The Dark... In the Dark I wait...

And then I will rejoice at the sound of your cries  
I'll get drunk with your Blood, to Me it's only wine  
By your name I shall swear, your altars I shall soil  
And then for the first time you'll feel Hate in your soul

For the Glory of all Evil Souls, die !  
All Hail Satan...
