Sickening world, sickening time  
Sickening visions  
World order built on lies  
We pray for your devastation

Falseness enthroned  
Embodied as morals  
Yet some have declared war  
Death to your laws and death to norm

Traitors to mankind  
Fuck this world of falseness and lies  
Traitors to mankind  
Swear allegiance to crime

Put an end to this weakness  
Reject their tolerance  
Let us get rid of those leeches  
Reduce them to ashes

Traitors to mankind  
Fuck this world of falseness and lies  
Traitors to mankind  
Swear allegiance to crime  
Traitors to mankind  
Our time has come, they all must die  
Traitors to mankind Swear allegiance to crime
