We got found out now I can't see you anymore,
And I don't want to hear your voice again,
Now I don't know what I can do with all these words,
I've hidden all your photographs away,
I put my guard up when I hear of things you've done,
I'll never see your eyes again

Now all the things you've dropped before me,
Fall lifeless to the floor,
I can't be there to catch you anymore

In Shallow water you can still drown,
Well I've spent my life face down,
The situation hasn't changed,
There's still a sea between us,
And all our islands have collapsed,
Return the vessel to the shore,
Delayed reactions never got you anywhere,
They always hinder and deter

Now all the things you've dropped before me,
Fall lifeless to the floor,
I can't be there to catch you anymore,
And we both know it's time to let you go,
My memory is fading fast

I opened up my mouth to give you reasons,
But when I tried nothing came out,
And it turns out that you could here me breathing,
Forget the lessons you have learned

Now all the things you've dropped before me,
Fall lifeless to the floor,
I can't be there to catch you anymore,
And we both know it's time to let you go,
