We met at an opening...
A very good place to start.
I threw my body into my actions...
You weren't exactly shy
You lent me your coat for the soft spring rain
I never thought I'd feel this way again

But she ripped me to shreds
I haven't seen her in ages
Time is overrated
Momentum carries me
You were my ailment and yet...
We can't fall from this world
No, no

It's late when I miss you mostly
But the body gets confused
You got a new bike - all I got was the picture...
But you were nowhere to be found
Remember the time we rented a car for the day?
We bought a map and I tried to navigate

She ripped me to shreds
I haven't seen her in ages
Time is overrated
Momentum carries me
You were my ailment and yet
We can't fall from this world
No, no

I would put my arms around you at the kitchen sink
I would hold on until you start to dream
We would go places we've never been before
Still I'll never know what's inside your head

She ripped me to shreds
I haven't seen her in ages
Time is overrated
Momentum carries me
You were my ailment and yet...
We can't fall from this world

No, no
We can't fall from this world
No, no
We can't fall from this world
No, no
