You're looking so pleased with yourself
I'm gonna come over there and wipe that smile off your
face

Petty crimes in your leisure time
You struggle to break out
Wash away all your cheap mistakes
You're abstinent, you're drowned

In another world you'd have found me by now
But you'll still end up unrevolving
Dancefloor in the middle of the river

Come over here, my dear
I need to have a word in your ear
You're your mother's girl
You should know that by now
All the other girls live their lives without self doubt

In another world you'd have found me by now
But you'll still end up unrevolving

Dancefloor in the middle of the river

I've been hiding from you
Though we inhabit the same room
I've been shying from you
Though we're under the same roof

You're looking so pleased with yourself
I'm gonna come over there and wipe that smile off your
face

In another world you'd have found me by now
But you'll still end up unrevolving
Dancefloor in the middle of the river

In another world you would have found yourself by now
If you weren't so proud
I would've given it up by now
With another girl

I'd be floundering by now
In another world
