"Kiss You Better"

I know the night has reached that stage again,
Were I never wanna see my home,
I know that you'll provide the brains,
But who'll provide the brawn,
And if it comes down to me and him,
You know I'd kiss you better,
I kept the message that you sent me

There with me,
If you're scared,
My beliefs make me bound

I think it's time we compiled a list,
Of places where we shouldn't go,
Now is not the time to lose your voice,
Everyone should have a choice,
And if you should ever fall,
You know I'd kiss you better,
I kept the letters that you sent me

Close your eyes,
If you're scared,
My beliefs will make you drown

You, You are so scared that your just gonna let it
happen
You, you are so scared that your just gonna let it
happen
You, you are so scared that your just gonna let it
happen
