Put away hard to find,  
I don't remember why I started speaking,  
A fast track operation,  
Slow exertion over-ridden,  
Unseen tough to catch,  
I can't remember why I started drinking,  
One track mind each and everytime,  
Speed exertion country living,  
Engage the men in trust,  
I can't remember why I started hurting,  
Another street light going down,  
The night reveals itself to you,  
Slipping under sliding down,  
All I need is a certain trigger,  
The path you take will never make you happy,  
All I need is a certain spur

Once a glimpse was all I needed,  
I don't remember why I had to give you back,  
I just remember I kept all of your souvenirs,  
Discarded traces of a love I never had,

Enforced and then enabled,  
I don't remember why I started breathing,  
Tied up turn him loose,  
Slow desertion kept me hidden,  
That's that no escaping,  
I can't remember why I started thinking,  
Wrapped up cuttin back,  
Their inertia left you driven

Once a glimpse was all I needed,  
I don't remember why I had to give you back,  
I just remember I kept all of your souvenirs,  
Discarded traces of a love I never had  
X2

I wish that I could say that I don't need you anymore,  
I heard every word you said and that is all  
X2

Once a glimpse was all I needed,  
I don't remember why I had to give you back,  
I just remember I kept all of your souvenirs,  
Discarded traces of a love I never had

I don't think your gonna get that early night,  
I don't think your gonna get that early night,  
I don't think your gonna get that early night,  
I don't think your gonna get it

Just a glimpse was all I needed,  
I don't remember why I had to give you back,  
I just remember I kept all of your souvenirs,
