Leave my heart into your sorrow  
Where to go and where to follow  
I belong there  
Where to know is ?When?

So my love, I'll leave you down thereunder  
To my heart and to my sorrow  
Where the angels fly  
That I will never know

And you'll come home again  
You'll come home again

You'll come home again

So the silence of my heart of golden  
Where to go and where to follow  
I belong there  
Oh, forever you

So the silence of my heart is endless  
To my heart and to my sorrow  
Leave the angels, fly!  
And you will lose my mind
