Yeah, yeah
Well, she talks about 'em, dreams about 'em
Thinks about 'em all the time, she's got to have 'em
Be lost without 'em, you can see it in her eyes

What is it?
What is it with girls and horses?

And she says, now when I was a young girl
They were my whole world
They were my one safe place

Now that I'm older
Still lean on their shoulders
I still feel like that girl someday

What is it?
What is it with girls and horses?

Sometimes I wanna give up
Throw up my hands and say
Enough's enough
That's when I go and saddle up

And run away till I'm okay
Till I'm not afraid
Of staying in the game

Maybe that's what it is
With girls and horses

Well, I talk about 'em and I dream about 'em
Live to love 'em and I love to ride
I'll always have 'em, be lost without 'em
There's magic in those gentle eyes

What is it?
What is it with girls and horses?
What is it?
What is it with girls and horses?

Yeah, yeah

Yeah, yeah, yeah
Girls and horses
(Girls and horses)
