Hello...

This is for the ones they left behind
This is for the colour of a new design
This is for the lovers when their love has died
This is for the hurt that dug deep inside

This is for the river where addiction flows
This is for the battle only hatred knows
This is for the bullet flying from my gun
This is for the mile still left to run

The beating heart that bleeds - The one that always
needs
My beating heart still bleeds - How long 'til I'll be free?

You're not alone
You're not alone
You're not alone
We can get out of here

This is for the ship that never sailed
This is for the hammer that hit the nails
This is for the ones who thought we'd fail
This is for the bomb they found in your mail

This is for the ones who never got to know me
This is for the hope that fails when I'm lonely
This is for the struggle to turn the tables
This is for believing that you are able

The beating heart that bleeds - The one that always
needs
My beating heart still bleeds - How long 'til I'll be free?

You're not alone
You're not alone
You're not alone
We can get out of here

This time it's going to be different - This time I'm going
to stay
This time it's going to be better - I won't throw it all

away

You're not alone
You're not alone
You're not alone
We can get out of here

It doesn't have to be like this - You don't have to play
It doesn't have to be like this - Don't let it go round and
round and round
