Into my life you bought a glowin' love
Like a ray of sunshine from up, up above, ha
One day out of the clear blue sky
You darkened my world with the words good-bye

That's the day you left me for a stranger, yeah, baby,
baby
When you left my life, you've gone and you changed,
ah
Baby, I'm a tellin' you it, ain't no sun since you been
gone

There's a big black cloud hanging over my head
It's a cloud of loneliness and I feel like I'm dead, ha
Ain't no flowers bloomin' down at the shore
Since you chose to love me no more

I guess you know you took my sunshine
Away from me, baby, ya did
Girl, ya took the light from my world
Crushed my dreams and I don't mean maybe, yeah

An Imma tellin' you there
Ain't no sun since you been gone
Gone, gone, gone, gone

My future, my future was as bright as the sun
Yes, it was, baby, oh, yeah
I ain't got no future now that your gone
Gone, gone, gone, gone

Ahh, I guess you know you took my sunshine away from
me
(You know you take my sunshine)
Baby
(Took away my sunshine)

Girl, you took the light from my world, crushed my
dreams
(Took away my sunshine)
And I don't mean maybe
(Took away my sunshine)

Aww, baby, it seems like night in the middle of the day
Everything around me is faded and gray
Cold are the days, dark creeps the night
Never bringing you back into my life

And there ain't no sun since you been gone
Gone, gone
(Ain't no sun since you been gone)
