Oh, oh

Firefly, firefly
Shine your light tonight
Assist the moon and stars
In helping us
To ease our troubled minds

Firefly, firefly
Golden light of serenity, yeah
Show us the night naturally
And maybe she won't worry
When there ain't nothing I can do

When sea runs dry
And the stars fall from the sky
She's a vulnerable flower
And she believes in me

Even when I have to lie
I shouldn't have to lie
To make the world seem alright
Firefly, firefly

I come home with the weight
Of the world on my shoulders
But knowing the strength she sees in me
I smile because she believes in me

Firefly, firefly
Golden light of serenity, yeah
Show me the night naturally
And maybe she won't worry
When there ain't nothing I can do

When the sea runs dry
And the stars fall from the sky
She's a vulnerable flower
And she believes in me

Even when I have to lie
I shouldn't have to lie

To make the world seem alright

She's a vulnerable flower

And she believes in me

Even when I have to lie

I shouldn't have to lie

To make the world seem alright

Firefly, you make the world seem alright
