One, two
One, two
One, two, three

Keep on truckin', baby
I got to keep on truckin'
Got to get to your good lovin'

Shame, a double shame on me, yeah
Love, I let it control me, yeah

From just one kiss I am inspired
To love lovers and climb over the fire

And I'll keep on truckin', baby
I got to keep on truckin'
I got to get to your sweet lovin'

Baby, that's bad, so hard to bear, yeah
Yes, babe, you're hard to bear, yeah

I've got fever rising with desire
It's my love Jones and I feel like I'm on fire

And I'll keep on truckin', baby
I got to keep on truckin'
Got to get to your good lovin'

Feelin' good
No, you can't stop the feelin'
Feelin'
No, you can't stop the feelin'
No, not now

I'm feelin' love of express of lovin'
Diesel-powered straight to you, I'm truckin'
In old temptation's rain, I'm duckin'
For your love through sleet and snow, I'm truckin'
