I know you're pleased with all the presents  
That you found lying under the tree  
I can tell it brought some gladness to your heart  
But on this yuletide holiday  
Would you pause and give a little thought to me  
And we can share the most important gift of all

Cause we know Love comes with Christmas  
And goes with every other day of the year  
We know that Love comes with Christmas  
And goes with every other day of the year

I know the wine, roasting holly  
Will grace the table with all the trimmings on that day  
As we wish each other's families peace and joy  
And mistletoe and all it's splendor  
May be seen hanging from each welcome door  
But we feel the same way we felt the day before

Cause we know Love comes with Christmas  
And goes with every other day of the year  
We know that Love comes with Christmas  
And goes with every other day of the year

It's a happy time whether rain, snow, or sunshine  
The world is slow, it's cold, we celebrate  
With kisses warm, I'll give you one for every season  
And renew the vows we made our wedding day

So let the bells bring down the children  
Leave the beds with the coming of the dawn  
To see that Santa kept his promise and came to call  
While we both watch them in satisfaction  
When we have each other Summer, Spring or Fall

We know that Love comes with Christmas  
And goes with every other day of the year  
We know that Love comes with Christmas  
And goes with every other day of the year
