Disconnect the phone.  
I can't wait to get you alone  
Put the music on and make the groove real slow.

Tonite I'm here to stay,  
So put on your naughty negligee  
Open up the wine and just let it flow.

The world can go and fall apart  
And I won't even hear it start  
Oh no

Cause I've got love on my mind tonite  
There ain't no way to conceal it  
I've got love on my mind tonite baby  
One look at you and I feel it  
I've got love on my mind tonite, on my mind tonite

These are crazy days  
It's like you're runnin thru an endless maze  
Coming home to you just in the nick of time  
Come and fill your cup  
All day long I've been building up  
Let me melt your body wooo oooh into mine

Forget about the world outside  
Inside each other we can hide  
Cause I've got love on my mind tonite  
There ain't a way to conceal it  
I've got love on my mind tonite, hey hey  
One look at you and I feel it  
I've got love on my mind tonite, on my mind tonite

I've got loooove on my mind tonite  
There ain't no way to conceal it  
I've got loooove on my mind tonite  
One look at you and I feel it  
I've got love on my mind tonite, on my mind tonite  
Ahhhhhhh do do doo dooo  
Baby give it to me girl  
You know I want it girl  
Girl girl

You know what to do, You know what I want and you  
know what I need  
Oh baby
