"Paradise Wings Of Love"

Paradise, it's being here with you
Close to your heart
Oh the sweet harmony, is beautiful

Tenderly, you receive my love
I release myself and we are one
Flowing deep like a river
You rejoice and sigh and we are one

In your eyes I see an open door
That leads straight to your heart
All the way to you soul, It's beautiful

Paradise

A picture is worth a thousand words
A feeling is worth it more and more

Flowing deep like a river
You rejoice and sigh and we are one

Paradise is being here with you
Close to your heart
Oh the sweet harmony, is beautiful
