You surely must know magic girl
'Cause you changed my life
It was dull and ordinary
But you made it sunny and bright

Now, I was blessed the day I found you
Gonna build my whole world around you
You're everything good, girl
And you're all that matters to me

When my way was dark and troubles were near
Your love provided the light so I could see, girl
Just knowin' your love was near when times were bad
Kept the world from closin' in on me, girl

I was blessed the day I found you
Gonna build my whole world around you
You're everything good, girl
And you're all that matters to me

Baby, you're part of every thought I think each day
Your name is used in every phrase my lips sing
Every dream I dream is about you
Honey, I can't live without you

Baby, baby, baby, baby, baby
You're my everything
You're my everything
(You're my everything, girl)

You're the girl I sing about in every love song I sing
(You're my everything)
You're my winter, baby, my summer, my fall and spring
(You're my everything)

Now, now, I was blessed the day I found you
Gonna build my whole world around you
You're everything good, girl
And you're all that matters to me

You're my everything
(When my way was dark)

You're my everything
(And troubles were near)
Don't you know, baby
You're my everything

You're my everything
(You're my everything)
You're my everything
(My everything)
Girl, you're my everything

You're my everything
(You're my everything)
You're my everything
(You're my everything)
