Here I am on my two feet again,
Just me and the moon
Here I am on my two dolls?
Just me and the moon

Maybe I have been here before
Maybe I was lost
Every time you walk through the door,
I just wanna run
Hey

Got a walkin' stick
Support me on my trip
Not gonna shoot you, but in my bag of tricks I've got
provisions ain't gonna last me through the week

Maybe I have been here before
Maybe I was lost
Every time you walk through the door,
I just wanna run
Hey

My infatuation with moving and running away
Stems from an obsession of not saying the words I'm
supposed to say
And you are not the center
My aggravation, I just wanted to say

Yeah yeah yea'

Got me some walking shoes
All that genuine leather held together by string
Got me a new straw hat
Plenty of lotion, mama you can rub it on my back

Maybe I have been here before
Maybe I was lost
Every time you walk through the door,
I just wanna run
I run away, hey
I run away, hey
Run away, hey

Run away
