Dearly beloved  
We're gathered here to mourn a life  
That fell too early  
We're all torn and confused  
Now but this doesn't make much sense  
To me or anyone  
Now this house is torn apart  
Cuz she can feel, she can feel him in these walls

And she screams  
Please tell me you're ok  
Tell me that you'll be alright  
Tell me is it hard  
When angels learn to fly?

And this hotel room  
It's just far too lonely  
It's lonely  
Because she can bear to see his things  
Scattered across the floor

My darling  
My darling  
My darling

And she screams  
Please tell me you're ok  
Tell me that you'll be alright  
Tell me is it hard  
When angels learn to fly?

I can see you're getting reckless  
I know there's nothing left to do  
Just have to fight your hardest  
We will see your way through  
It's just that she can still feel him  
That's because he's still here  
He's waiting up for you  
He's waiting up for you

And she screams  
Please tell me you're ok

Tell me that you'll be alright  
Tell me is it hard  
When angels learn to fly?
