This back and forth is killing me
I call you too much 'cause I worry
Been sweet on you since that first talk
Said it so loud, maybe too loud

Oh when you write you're still crazy about me
Then I thank god 'cause my prayer has come true
I think so hard about how to reply to you
So you can feel I'm still crazy about you

Drop it off on your doorstep
The reasons why I like you
Even though it's too much
It shook us up a bit but they're still true

So then it's friends, well, deep friends
Yeah I'll wait around happily
'Til we suss it out like drag queens
Trust enough to say 'I love you'
