I won't survive but I intend to have a good time

I will precede but I won't fulfill my every need

I won't survive who ever does?

We could drive until the earth would open

take me to the verge of England's ocean

tonight suggests so much

I won't survive and I'll give redemption a miss

I will precede and I will ration the risk

I won't survive but nobody does

We could drive until the earth would open

take me to the verge of England's ocean

tonight suggests so much

Hold tight for one last push

i've been saving myself for you

cos theres nothing else I can do

i've been saving myself for you

cos theres nothing else i can do

save all your dignity for me

I'll just ignore my selfish plea

I won't survive but I intend to have a good time

I will precede but I won't fulfill my every need

fulfill my needs

We could drive until the earth would open

please take me to the verge of England's ocean

tonight suggests so much

hold tight for one last push

I've been saving myself for you

cos theres nothing else I can do

I've been saving myself for you

cos theres nothing else I can do

Don't punish me for who I cant be
