Hey, will you shockingly anger me? Will you shockingly
anger me? Will you shockingly anger me? Humans
Hey, will you shockingly anger me? Will you shockingly
anger me? Will you shockingly anger me? Humans

What's up, criminals who are full of reasons for worry
won't ever disappear

What's up, full of reasons for anxiety (who falls down
into the trap within grudges?)

What's up, criminals who are full of reasons for worry
won't ever disappear

What's up, full of reasons for worry

Is the meaning to living boring? Is the meaning to living
boring? Is the meaning to living boring? Humans

won't ever disappear

into the trap within grudges?)

What's up, criminals who are full of reasons for worry
won't ever disappear

What's up, full of reasons for worry

Hey hey! Human paean. Do humans worry when love
escapes? x 4

Hey hey! Under the jurisdictions of humans, hey hey!
There's the human feeling of worry

Hey hey! For us, under the jurisdictions of humans,

there's an eternal human feeling of worry
Ah, humans

Civilizations fall I'll and become unstable
The future will be saved, White House
A warning to the entire world!!
Life that reforms within each and every thing

Hey hey! Under the jurisdictions of humans, HEY HEY!
There's the human feeling of worry

Hey hey! For us, under the jurisdictions of humans,
there are screaming characteristics under the eternal
jurisdictions of humans

Prejudiced and treacherous humans are shit; start
moving, I'll Fight

From the fangs of sadistic punishment, I will chop up
the existence of my natural enemies

From the greed of the typical near future, in a nation
that can't change

Let's slander the war debate amongst idiots
