I wait behind the factory gates for you  
To finish off your shift  
Irate because you're losing faith  
Fortune is said to favour the brave

Are you bored or are you blind  
Beware the contents of your mind

I wait to find a different race if so  
Then will not compete  
My pain is worth no more than yours  
In time we give up on ourselves

Simple life is not an option  
Try to define the word 'satisfaction'

I wait behind the factory gates for you  
To finish off your shift

Solitary confinement never sounded so good  
You said that you were speechless  
And God I wish you were

Too late to gather in the sails  
Commit I face a year of doubt  
Stand up to what we both despise  
Forlorn is that we find a friend

Never pays to be complacent  
Nature will always choose a replacement

I wait behind the factory gates for you  
To finish off your shift  
Irate because you're losing faith  
Fortune is said to favour the brave

Are you bored or are you blind  
Beware the contents of your mind

I wait behind the factory gates for you  
To finish off your shift

Solitary confinement never sounded so good  
You said that you were speechless  
And God I wish you were

I wait behind the factory gates for you  
To finish off your shift  
Irate behind the factory gates
