It's all right with me
As long as you
Are by my side

Talk or just say nothing
I don't mind your looks never lie
I was always on the run
Finding out what I was looking for

And I was always insecure
Just until I found

Words often don't come easy
I never learned
To show you the inside of me
I know my baby

You were always patient
Dragging out what I try to hide

I was always on the run
Finding out what I was looking for
And I was always insecure
Until I found

You, you were always on my mind
You, you're the one I've been living for
You, you're my everlasting fire
You're my always shining star

The night's always a good friend
A glass of wine, and the lights are low
You lying beside me, me full of love
And filled with hope...
