"Beauty Destroyed"

Visit "[Beauty Destroyed](#)" on MotoLyrics.com

In front of all the pleasures
A shining light to kill
Beyond the hidden treasures
The freakshow of erotic thrills

Dance all night in solitude
Masturbate the witches show
Loneliness in multitude
The greedy eyes will glow

[CHORUS:]
She wants you to know
Want to feed your soul
Want to share a moment of the unknown
She wants you to see
Her beauty and despair
Destroying her naked on the floor

Another day, another night
Are we supposed to be surprised?
A refuge from the light
The privacy, terrorized

Reflection of the buried sorrows
We share the same desire
Exhibit of the human errors
Ejaculate the fire

[CHORUS]
