Theres not a day that goes by  
where I wish I could go back in time.  
Go back in time.  
Theres a feeling that I can't stand  
that I know I'm gonna day.  
One day I know im gonna die.

It's a feeling that your breathing,  
and your on your last breathe,  
and you can't hold it in anymore.  
It's a feeling that your leaving,  
when your not ready to go,  
and theres nothing you can really do.

It's just another day.  
Like any other day.

Theres never ending dreams  
that we try to succeed in life.  
Succeed in life.  
Theres nothing to explain  
the reason why we're here to live.  
Why are we here?

All I really wanna do  
is find a way for something new  
to be remembered when I'm gone  
and go down in history
