I exorcise thee, spirit of the God of Israel
In the name of Emperor Lucifer
In the name of his Prince Belzebuth
In the name of Grand Duke Astaroth
By the hot breath of Pazuzu
Depart from this witch of Baphomet
Whom Master Lucifer hath designed
To call unto his unholy Throne
Bathed in the urine of whores
That she may be made the abomination of desolations
Wherein Master Satan dwells through
His son Antichrist the Lord
Who shall come to slay the living and
Cause the dead to be forgotten
And destroy the world by genocidal fires
Of pride, envy, gluttony
Lust, sloth, greed
And wrath.
