[OUTRO:]

Played my cards so long, for those who strike at me,
fight against
Those who fight against me, take hold of shield and
battle and stand
Up for my help, also draw out the spear weh ah guh
stop those who pursue
Me, say to my soul you're my salvation, let those be put
to shame
And brought to dishonor that seek after my life let
those be turned
Back and brought to confusion with clock-like work, let
dem be like
Chaff before the room and let the angel of the lord
trace them, so
Sick, bang!... dem find, dem fight mi, I don't know
know know know why
Dem find, dem fight mi, I don't know know know know
why
