Dancing mood, feeling in a dancing mood, ah yeah
Dancing mood, feeling in a dancing mood, ah yeah

Say late Saturday night, I was feeling irie
I went to a dance that night, I was feeling good
Stepped through the gate, what did I do?
I bought myself a drink, oh yeah

So I was feeling irie, drinking at a dis yer party
Got myself a corner, oh yeah
I held on to the nearest daughter
She was dancing, she was dancing good
She was dancing good

Do you know how she make me feel good?
I was in a dancing mood
Do you know how she make me feel good?
Yes, I was, yes, I was in a dancing mood

Dancing mood, feeling in a dancing mood, ah yeah
Dancing mood, feeling in a dancing mood, ah yeah

Late Saturday night I was feeling irie
I went to a dance that night, I was feeling good
Stepped through the gate, yes, I did, I did
I bought myself a drink

Got myself a corner got myself a corner
Held onto the nearest daughter
Dancing rub a dub against the corner
Yes, I was, I was dancing rub a dub against the corner
