You can go if you wanna
You can stay if you like
You can do almost anything
But you don't run my life

I don't need no ultimatum
I can't deal with no stress
You don't run no part of me
I'm different from the rest

Don't need another heartache
Heartbreak lover
'Cause I'm a boombastic kind of lover

You can do nothing now to please me
You don't fit my style
You can even try and sweet talk me
Only for a while

Don't ask your friends to call me
I won't change my mind
I tell you it's all over now
Don't waste your time

Don't need another heartache
Heartbreak lover
'Cause I'm a boombastic kind of lover

Has it ever occurred to you
That I'm a man whose heart can be broken
Woman, I want to speak to you
Don't you hurt me over and over again, woman say?

Did it ever occurred to you
That I'm a man whose heart can be broken
Woy, woy, woy, girl, I want to speak to you
Don't you hurt me over and over again, I lame

You can go if you wanna
You can stay if you like
You can do almost anything
But you don't run my life

I don't need no ultimatum
I can't deal with no stress
You don't run no part of me
I'm different from the rest

Don't need another heartache
Heartbreak lover
'Cause I'm a boombastic kind of lover

You can do nothing now to please me
You just don't fit my style
You can even try and sweet talk me
Only for a while

Don't ask your friends to call me
Cause I won't change my mind
I tell you it's all over now
Don't waste your time

Heartache what we fear
Spread this everywhere
Woman me honor your dolly
Me know come ya fe jeer

Pat says she loves me and
Me wonder if she care
The woman I'm looking for
Must be somewhere out there

See Buju ya, Maxi Priest, Beres
Hammond gone clear type of man
Fe make the girl them chat
Armshouse and carousing
That we don't want raise up galpickenee
'Cause we don't stop dance

Don't need another heartache
Heartbreak lover
'Cause I'm a boombastic kind of lover
