Let's take a ride on love street tonight  
Let the groove take your body tonight  
It's so sensual and so physical  
As the music plays let our body sway  
Maybe along the way you will see some love zones  
And caution signs, slippery when wet  
So you don't lose your way, follow my directions  
There's a lot of sexy curves coming up tonight  
chorus  
Here we go here we go here we go don't you know  
Riding on love street nice and slow here we go nice and slow  
Nice and slow nice and slow nice and slow don't you know  
Taking it easy here we go here we go here we go  
Girl you don't have to get off on your own  
Cause I'll be right there for you  
If you follow the signs, everything will be fine  
And you're surely find your way to ecstasy  
Maybe along the way you will see some love zones  
And caution signs, slippery when wet  
So you don't loose your way, follow my directions

There's a lot of sexy curves coming up tonight

repeat chorus 2x

There'll be no detour signs to worry about

Or no u-turns keep on going oh baby

You can turn to the left or the right

It's alright

You keep on going oh baby

humor me humor me baby

You can turn to the left or the right

It's alright

Keep on going
