Said, I'm needing you more well
Said, I'm needing you more, oh, girl

The way you say it in your kisses, darling
In everything you do, I just have to talk about you
You're there when the sun comes up
At night you make my dreams come true
Those little things that you do

And if I go away more than a day or two
Each time I close my eyes
I say a little prayer for you

We've got a sure fire love, sure fire love
The more I think of you, oh darling
We've got a sure fire love, sure fire love
Don't change the things you do, yeah

We'll talk about the weather darling
'Cause the way I feel inside
There's nothing but blue skies
And if we spend a little time together
That's how we keep our love alive, oh well

And if I go away more than a day or two
Each night I close my eyes
I say a little prayer for you

We've got a sure fire love, sure fire love
The more I think of you, oh darling
We've got a sure fire love, sure fire love
Don't change the things you do, yeah

And if I go away more than a day or two
Each time I close my eyes
I say a little prayer for you

We've got a sure fire love, sure fire love
The more I think of you, oh darling
We've got a sure fire love, sure fire love
Don't change the things you do, yeah

We've got a sure fire love, sure fire love
The more I think of you, oh darling
We've got a sure fire love, sure fire love
Don't change the things you do, yeah

I love you the way you are, girl
I love you the way you are, yeah
Oh, girl, I love you
