Yeah, just making it with you, girl

Holding you tight, squeezing you right
And I won't let it slip away
When I feel the taste of your sweet embrace
I couldn't let it slip away

I don't know how I got here
But I'm in the place
And the music's rocking in my soul
No time to waste

The party is raging and I'm getting hot
And until I get to know you, girl
I'm not gonna stop

Dancing with you cheek to cheek
And I feel your heat
And the words you whisper in my ears
They sound so sweet

Holding you tight, squeezing you right
And I won't let it slip away
When I feel the taste of your sweet embrace
I couldn't let it slip away

Being here with you, girl, just takes me away
To another place, another time
Ooh, I love your way

The music is playing, we're rocking in time
And you're really getting to me, girl
You're blowing my mind

Holding you tight, squeezing you right
And I won't let it slip away
When I feel the taste of your sweet embrace
I couldn't let it slip away

Holding you tight, squeezing you right
And I won't let it slip away
When I feel the taste of your sweet embrace

I couldn't let it slip away

Holding you tight, squeezing you right
And I won't let it slip away
When I feel the taste of your sweet embrace
I couldn't let it slip away
