in my dreams i woke with you
lying next to me
and when i turned to touch your face
you smiled and set me free

when i awoke this morning
i saw you in my heart
but you're not here
to comfort me
and we're so far apart

where are you now
where could you go
i need you so
you do not know
what if i stayed
to see you there
and found you
really didn't care

what if i fell (what if i fell)
in love with you
and couldn't tell
you how i felt
what if i fell (what if i fell)
in love with you
and couldn't tell
you how i felt

i saw you at the club last night
dancing with that girl
you didn't see even turn to see
i need you in my world

i went out with some girl last night
and saw you at the club
i hoped that i would see you there
and make to fall in love with me!

god she is so beautiful
i wish that i could tell her what i really feel

but she would never like a guy like me

i wish that he would
just come and talk to me
he is so cute and sweet
but he could have any girl
why don't you wanna be with me? why?

what if i fell (what if i fell)
in love with you
and couldn't tell
you how i felt
what if i fell (what if i fell)
in love with you
and couldn't tell
you how i felt
