I-man forward
All over the world
And I-man smoked many different kind of herb
Of all the herb that I-man taste
This is the one herb, that i like the best

Yes it's my jamaican herb
It's my jamaican irie collie
It's my jamaican herb
It's my jamaican irie irie iley

African herb is nice nice herb
Indian hemp too
But when it comes to getting red
I'll give the credit too

My jamaican herb
It's my jamaican irie collie
My jamaican herb
My jamaican irie irie iley

(talk, smoke sounds)

Yes I-man forward
All over the world
And I-man smoked many different kind of herb
Of all the herb that I have taste
This is the one herb, that i'll say it's best

Yes it's my jamaican herb
It's my jamaican herb
My jamaican collie
My jamaican irie irie iley
