Pray for me
Pray for me
In this troubled, sickened world
I stand alone
So pray for me, pray for me, pray for me

I once lived the life of a weak heart
No mercy did I ever see
I robbed and I killed, I lied for a thrill
Your forgiveness, O God, I ask
Listen to me now

Pray for me
Pray for me
In this troubled, sickened world
I stand alone
So pray for me, pray for me, pray for me

Pray for me now

Pray for me
Pray for me
In this troubled, sickened world
I stand alone
So pray for me

I'm weary, sad and worn
Your hands I lean upon
When the world, this world
Seems all so drone
Will you pray for me?

Pray for me now
Pray for me, brother
Pray for me now
Pray for me, little sister
