"We Love Jamaica"

The hills has come alive
With the rays of the morning sun
The morning breeze, it steer the trees
It sets one heart at ease
The birdie sings a melody, awakening the bees

Jamaica, Jamaica, land in the Carib Sea
Jamaica, oh Jamaica, land in the Carib Sea

Children in their uniforms on their way to school
Adults just walking happily on their way to work
To build a new Jamaica so we can live in peace

Jamaica, Jamaica, land in the Carib Sea
Jamaica, oh Jamaica, land in the Carib Sea

Jamaica, Jamaica, land in the Carib Sea
Jamaica, sweet Jamaica, land in the Carib Sea
Jamaica, oh, Jamaica, land in the Carib Sea
Jamaica, we love Jamaica, land in the Carib Sea
