Transmission lost
Is just another bad
Attempt to try to get
To cover her eyes from
The whole in the atmosphere yeah

So come on, come on lets
Gets this started I know
You like the way we dance and
Tonight is your night

So come on, come on lets get this started
It only takes two to make things right
And tonight is your night

Transmission lost
Is just another bad
Attempt to try to get
To cover her eyes from
The whole in the atmosphere yeah

So don't go, don't go
Watch her screaming I know
I know everybody stand from
The whole in the atmosphere

So come on, come on lets get this started
I know you like the way we dance and
Tonight is your night

So come on, come on let's
Get this started I need to if
This is what you want tonight

Transmission lost
Is just another bad
Attempt to try to get
To cover her eyes from
The whole in the atmosphere

So don't go, don't go
Watch her screaming I know

I know everybody stand from
The whole in the atmosphere

She's screaming Love, Love, Love
She's screaming Love she's screaming
Love she's screaming Love, Love, Love
She's screaming Love yeah
