I should've called you back  
I should've locked the door  
I shouldnt have watched you pack  
Should have burned that suitcase babe the night  
before  
When your off inside you head it seems  
Everythings the way you feel  
Now your gone and im so scared to dream  
Cause the truths that they reveal

(course 1)

But i was in another, I was on another real  
I was thinking bunnies in the coupe deville  
Thinking money, I was thinkin bills  
I was thinking hunny girl chill  
I was thinking as long as imma pay the bills  
Im gonna be the man and you gonna make the meals  
All the plans you need to click your heals  
Im your biggest fan but ive got other thrills  
understand babe here's the deal  
i can be your friend i can help you build  
help you plan i can help you chill  
don't you see this confidence is real

you don't want it you can go  
Same thing i said before  
No, No i shouldnt have of called you that  
You aint nobodys flaw No  
You treat me like a walking matt she said  
And i dont think i can love you anymore  
If you wanna leave girl do your thing  
But dont forget who your talking to  
And i aint got no plans to change  
So i guess you got some walking to do

but i didnt think it through

I dont wanna hear no mo no

you see sometimes love can become so dangerous if  
you strand the trust  
you can pick up your keys and listen to me  
girl you want you some time  
i give you some time  
i'm not your mother  
your brother  
your sister  
and your \_\_\_\_  
not some bestfriend from college  
not your\_\_\_\_  
i'm your number one fan  
im the one you called your man
