Sentimental phone calls
People hide behind
How you doing
Then the talk starts
How come ya
Never follow through it

Cause all I want to be
Is a little bit
More like me
And all
I want from you
Is to let some light
Shine through

Chorus:

Shine through it
Shine through it (2x)

It's been a long haul
The duty of us all
Do what
You're supposed to do
But you're bound to fall
My beauty is in the scars
Tried and true

Cause all I want to be
Is a little bit
More like me
And all I want from you
Is to let some light
Shine through

Chorus:

Shine through it
Shine through it (2x)

See common sense
Isn't all they claim

Some may call it quits
Some may call it game
But I'm a little bit
More than new
So if it's all the same
I'm playing through

A little bit more life
Your light might
Shine thru
A little bit more
Bright pure light
Mind find you

Chorus:

Shine through it
Shine through it (2x)
